Dear Mr. Dulles:

I should like to discuss with you by telephone or at your office, whichever you prefer, the matter of helping one of my former agents in Berlin out of a dilemma caused by his service for the United States.

As you doubtless remember I succeeded Laurence De Neufville as the head of his section in Berlin just prior to your return to the States. I inherited from him one extremely valuable agent who sometime later, when his mission had been completed, was turned out to pasture. He is now living under the documents prepared for him at the time of his service. He desires to obtain correct documents. However, being in pasturage, so to speak, he is cut off from such authorities, if there are any, who know the story of his services. I, on the other hand, being no longer in the Government's service can act openly in writing to local American officials where he now resides.

It occurred to me that perhaps such a letter by me to American officials would accomplish the purpose, particularly if the letter were accompanied by an affidavit by yourself to the effect that certain dates are the correct dates that I was in the service of the OSS.

Doubtless you have had experiences of this kind with some of your friends in Germany and perhaps have discovered a better method than the one suggested for the solution of this particular document problem.

I shall be moving my residence from New York to Milwaukee on October 28th and hope that we may have the opportunity to discuss this matter before that date.

Very truly yours,
